

Living Time. Living Design.

CONTIN LTD., established in 1984, is now one of the leading clocks/movements manufacturer and exporter in Hong Kong. We design and manufacture a wide variety of clocks in different materials including wood, plastic, metal, ceramics, MDF, glass and resin, etc. To coordinate with customer's needs, we also produce OEM items.

Over 23 years of experience in the industry makes ContIn a trademark of quality and professionalism. Our factories in Mainland China are well-equipped to handle all manufacturing processes from tooling to assembling timepieces. With the support of over 1000 dedicated technicians, the company has continued to expand in the global market.

The company is engaged in providing quality and environmental friendly timepieces to customers in the most reasonable prices. We value our clients' business and are committed to offer competitive solutions and efficient service to ensure customer's satisfaction.

We look forward in meeting new business partners worldwide. Should you have any inquiry, please feel free to contact us!
